

Austin ISD will launch a pilot program for Weighted Student Funding that will allocate district funding based on the number of students and their individual needs using objective, measurable student characteristics. The current allocation system for school-based funding restricts a principal's ability to design programs that best match students' needs. By using a weighted funding formula, AISD will increase funding equity, transparency and exibility, and will empower principals to design programs that best serve their school communities.

Preparing Our Kids To Succeed By

- ▼ Taking into account the needs of dierent learners and putting resources where they are needed most.
- y Giving principals greater exibility to determine the most strategic use of funds to meet students' needs.
- **y** Allocating resources where they are needed most. ■

SCENARIO Suff if ary

Meets Guiding Principles

Anticipated Date

Timing will be determined upon a comprehensive assessment of complete School Changes project phasing
