## Social and Emotional Learning: Best Practices and Barriers to Successful Implementation

## **Executive Summary**

 $\mathbf{T}$ 

2018. From focus groups and interviews with students, teachers, and other staff members at elementary, middle, and high schools in AISD, four themes emerged as inf uential to SEL implementation: (a)  $, (b) \qquad ,$ 

- (c) , and (d) (Figure 1). These themes exist within a system of interconnected SEL-related processes (Figure 2) and build off each other to empower school leaders, teachers, and students to build SEL skills; strengthen relationships; and ultimately, improve school culture. The following provides a brief overview of the relationship between these themes:
- When campus organizational capacity was high, campus leadership was empowered to
  determine the vision, scope, and structure for SEL; to translate that vision into action;
  and to build on that vision over time. When organizational capacity was low, the vision
  for SEL was unclear, and leaders had more difficulty sustaining SEL work.
- With high organizational capacity and a clear vision for SEL, coordinated leadership involved consistent and sustained capacity-building support for teachers and other school

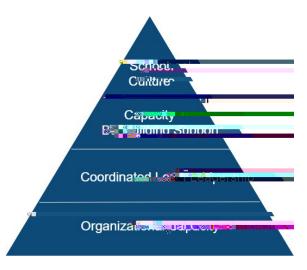

to teachers, SEL was more f rmly ingrained into the school cultuÑ Ñ Ñ

to maximize opport

Foundations of Campus SEL Implementation

## implementation and learning:

- Continue identifying, coaching, and supporting campus SEL leaders, as they are crucial to creating, executing, and sustaining each school's vision for SEL
- Strengthen change-management support for schools that experience leadership turnover or elimination of

 $services \ (e.g., Communities \ in \ Schools), \ as \ these \ disruptions \ can \ cause \ signif \ cant \ stress \ to \ staff \ and \ students$
