
Figure 1 depicts Anderson's average student climate survey ratings for 2012-2013, compared with average ratings across all High Schools in 2012-2013. Scores over 3.0 are desirable, as indicated by the green line. Please note the green and red text boxes that highlight the specific area in which Anderson most excels, as well as the area in which Anderson can improve most.

Figure 1. Student Climate Survey Subscales for Anderson and all High Schools, 2012-2013

Anderson's highest score on the 2012-2013 Student Climate Survey was for academic self-confidence, which measures students' motivation and self-efficacy. We encourage your campus to continue working with students to promote this positive learning environment and share your strategies with others.

Anderson's lowest score on the 2012-2013 Student Climate Survey was for student engagement. This subscale measures the extent to which students enjoy their schoolwork and learning. We encourage your campus to improve the ways in which teachers provide instruction that is relevant and engaging for students.

The following pages contain more detailed information regarding Anderson's student climate results from 2010-2011 to 2012-2013. Please review the individual items on each subscale with particular attention to how Anderson's average ratings have changed or remained consistent over time. Please note that some subscales have changed from previous years, making longitudinal comparisons inappropriate for some items and subscales. For items and subscales where longitudinal data are available, statistically meaningful changes are noted with up or down arrows. Please share the results of this report with all campus staff and your Campus Advisory Council to inform campus improvement planning.
