### What Does it Mean to be an Arts Involved Campus?

Your campus classifies as an arts involved school, and therefore meets the basic criteria as a Creative Campus. In arts involved schools, the majority of students receive sequential fine arts instruction, many teachers use creative teaching strategies at least once a week, and community arts partnerships are cultivated both during and after school. To improve, support, and encourage all teachers to implement creative teaching, develop new community arts partnerships in additional grade levels both during and after school and communicate more frequently with families about the value of creative learning.

### Why does AISD Measure Creative Campus Scores for its campuses?

National research on creative learning shows that students attending arts-rich schools have higher levels of motivation and better academic and social success (Dwyer, 2011). In addition, prior research into the Creative Learning Initiative (CLI) in AISD indicated that the implementation of creative teaching strategies is related to increased levels of student engagement, attendance, greater academic achievement, and social emotional skills (Christian, Hasty, & Wang, 2017). Current AISD findings indicate that 69% of our elementary schools are already Creative Campuses (Figure 1). Because the arts benefit students academically and creatively, AISD, in collaboration with the City of Austin and MINDPOP, is strategically working towards achieving Creative Campuses for all students by 2022-2023 (MINDPOP, 2012).

## Additional Information

### Creative Campus Goals at Cunningham

Each year, school leaders develop a Campus Improvement Plan (CIP). Despite there being no district requirement to do so, in 2016-2017 74% of elementary schools made CIP goals related to becoming a more Creative Campus. Cunningham set the following goal: *"All instructional staff will attend two, three-hour CLI professional development workshops. Communicate the value of creative learning through parent newsletter, at CAC meetings and faculty meeting once a month. Offer at least two opportunities per semester for all students to exhibit/showcase their fine arts learning in the community."*

At the end of the year, school leaders reflected on progress in the spring, as follows:

**Progress:** "Completely accomplished"

**Challenges:** "Our campus needs support in digital and media arts."

**Successful Strategies:** "District organized PD for Creative Learning Initiative."

### Distribution of Arts Partners by Grade at Cunningham

As schools engage with community arts partners they distribute those experiences across different grades, representing different art forms and different cultures. These calculations are provided to help reflect on the current distribution of arts partners and art form to help guide future choices.
