

Federal Standards for Collecting and Reporting Ethnicity and Race

Starting in 2010-2011, school districts were required to report race and ethnicity using revised standards. The new standards require a person to first select his or her ethnicity (Hispanic/Latino or not non-Hispanic/Latino) and one or more of five race values. Because more than one race value may be chosen, percentages may not add to 100.

Table 3
Distribution of Respondents and Students by Ethnicity and Race, 2015-2016

	% of respondents	% school population
Hispanic/Latino	22	30
American Indian/Alaskan Native	0	0
Asian	5	10
African American/Black	3	6
Native Hawaiian/Other Pacific Islander	0	0
White	68	48
Two or more races	1	5

Note: Students' ethnicity was self-reported. Population data reflect enrollment as of the October 2015 PEIMS snapshot date. Responses to items may not total 100% for various reasons, including rounding. Percentages may not total 100%.
