

2011 2012 AISD Parent Survey Sanchez Elementary School

Strong relationships among staff, students, and parents are critical to student success. In particular, parent involvement in education is associated with a high level of student achievement (for a meta analysis see Fan & Chen, 2001). These survey results provide campuses with feedback on how parents feel about their treatment by school staff, the school's educational environment, and various school based opportunities parents would like for their children. The following report contains the results of the 20112012 Parent Survey for Austin Independent School District (AISD) for Sanchez Elementary School. The district report can be found at: http://www.austinisd.org/dre/district campus surveys#parent.

Demographic Information

KG	13	14	New Federal Standard		•
1st	13	16	Reporting Ethnicity and Race Starting in 2010 2011, districts were required to report race and ethnicity using revised standards. The new standards require a person to first select his/her ethnicity (Hispanic/Latino or non Hispanic/Latino) and one <u>or more</u> of five race values. Since more than one race value may be chosen, percentages might not add to 100.		ALC.
