National Board Certifcation in AISD

The NB certifcation program in AISD is an active (e.g., participating in meetings, updating the Professional Learning Department on progress) 2-year commitment.

AISD supports current candidates by

- continuously refning the curriculum used to guide monthly meetings intended to build the capacity of criteria scored by the NBPTS,
- providing funds for certif cation fees,
- providing a network of NB-certifed mentors, and
- o f ering facilitator support to refne submissions required by NBPTS

for candidates over the course of 2 academic years. Similar support is provided to staf who opt to recertify.

Staf who remain in a teaching position receive a **\$2,000 annual stipend** for the duration of their certifcation.
